25X1 11. [redacted] Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and talked with him at some length about the Symington amendment to the Military Procurement Act imposing a [redacted]
25X1C [redacted] for fiscal year 1972. Woodruff was of the 25X1C
firm opinion it was not intended that this ceiling apply to those more or less

25X1C [redacted]
requiring submission of reports. He said those would normally go to the Vice President and the Speaker of the House and could be handled on a classified basis. He added, however, that they would undoubtedly go to the Foreign Relations Committee as well as to the Armed Services and Appropriations Committees.

25X1 12. [redacted] Scott Cohen, Executive Assistant to Senator Charles Percy (R., Ill.), called to recommend to us as a prospect for an

25X1 5. [] Met with Senator Henry Jackson (D., Wash.), Chairman, Subcommittee on National Security and International Operations, and Miss Dorothy Fosdick, of the Subcommittee staff, in response to the Senator's request and briefed him on the military situation along the Sino-Soviet border.

25X1C Senator Jackson tended to discount the likelihood that the Foreign Relations Committee would undertake a full-scale investigation of the Agency, as suggested by one of the Committee members. He did remark, however, that in considering pending legislation dealing with the Agency, such as the Cooper bill requiring that intelligence material be made available to the Congress as a whole, the Committee might delve into some questions regarding the Agency.

25X1 6. [] Met with Martin Hamburger, Administrative Assistant to Senator Hugh Scott (R., Pa.), to renew the Director's invitation to the Senator to visit the Agency at his convenience for a breakfast or lunch

[] Soviet Union. Hamburger said he was sure the Senator would welcome a chance to do this and would let us know as soon as he could work it into his schedule.

25X1 7. [] Discussed with Ed Braswell and John Goldsmith, Senate Armed Services Committee staff, possibilities that the Foreign Relations Committee, in considering pending legislation, might probe into Agency matters. They had no specific information on this, but said they would see what they could find out.

25X1 8. [] Talked to William Woodruff, Senate Appropriations Committee staff, who said he had no indication that the Foreign Relations Committee planned hearings regarding Agency matters, but would let me know if he heard anything.

25X1A I brought Woodruff up-to-date on what I knew of the way the Symington amendment regarding a monetary ceiling on expenditures in [] had been worked out. Woodruff didn't seem particularly happy with this, but conceded that he didn't know any alternatives.

Woodruff said that he had not yet received Deputy Secretary Packard's letter on the readout program. I told him the Director fully concurred in this letter and would be glad to provide a similar letter if the Chairman wished. Woodruff said he would let me know if this was necessary, which he thought unlikely.

25X1A 6. [] Met with Mr. Ralph Preston, House Appropriations Committee staff, and in response to his question I told him that the meeting with the Nedzi Intelligence Subcommittee had gone extremely well that the members evidenced a real interest in the intelligence community and its activities. Mr. Preston noted, in passing, that he does not foresee at this time any possibility of the Chairman requesting briefings for either the Defense Subcommittee or "Special Group" during the next several weeks.

25X1A

25X1A 7. [] Received a call from [] at the suggestion of Mr. Peter Scrivner, Administrative Assistant to Representative Melvin Price (D., Ill.), who requested an interview for possible employment as a research assistant with the Agency. An appointment was made for 10:00 tomorrow morning, 5 October, with [] OP.

25X1A 8. [] Additional backup material for the Senate debate on [] prepared by FE, was delivered Saturday, 2 October, to Senator John Stennis.

25X1A 9. [] Participated in breakfast and briefings of Chairman Lucien Nedzi, Representatives William Bray and O. C. Fisher, and staff officers Russ Blandford and Frank Slatinshek, House Armed Services Intelligence Operations Subcommittee. See Memo for Record.

25X1A 10. [] Bill Woodruff, Counsel, Senate Appropriations Committee, called and asked what we had been "saying" about the Symington amendment. I told him we had said nothing but had provided the backup material [] to Ed Braswell, Senate Armed Services Committee staff. (Woodruff has copies of most of this material.) I told him the facts were that we were conducting [] with a bare minimum of expenditures and any cutback whatsoever would seriously affect our programs there. Woodruff then asked if we were operating on the basis that the Symington amendment was applicable to the Agency. I told him that in our opinion the language of the amendment was so broad that it was not susceptible of any interpretation which would exclude us from its coverage.
